An act to repeal and add Section 89712 of the Education Code, relating to the California State University.

### LEGISLATIVE COUNSEL’S DIGEST

AB 1000, as amended, Weber. California State University: student success fees.

Existing law establishes the California State University, under the administration of the Trustees of the California State University, as one of the segments of public postsecondary education in this state. Existing law authorizes the trustees by rule to require all persons to pay fees, rents, deposits, and charges for services, facilities, or materials provided by the trustees to those persons. Existing law prohibits specified California State University campus-based mandatory fees from being reallocated without an affirmative vote of the majority of the members of either the student body or a specified campus fee advisory committee voting on the fee reallocation, unless the vote that established the fee authorizes an alternative or automatic reallocation mechanism for that fee.

Existing law prohibits a campus or the Chancellor of the California State University from approving a student success fee, as defined, before

January 1, 2016. Existing law requires the chancellor to conduct a review of the trustees' fee policy related to student success fees, submit recommended changes to the fee policy to the trustees, consider specified information in conducting that review and in preparing his or her recommended changes to the policy, and to submit a report regarding those proposed changes to the Department of Finance and the appropriate fiscal and policy committees of the Legislature, on or before February 1, 2015.

This bill would revise and recast the requirements related to student success fees. The bill would prohibit a campus of the California State University, or the Chancellor of the California State University, from imposing a student success fee, as defined, unless certain requirements are met. The bill would establish procedures for campus elections for the adoption or rescission of student success fees. The bill would require the chancellor to report a summary of the fees adopted or rescinded in the prior academic year, and the uses of proposed and currently implemented fees, annually to the Department of Finance and the Legislature.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
